

# Ekoplastik FIBER

**MULTI-LAYER PIPE  
WITH FIBREGLASS**

**PPR**

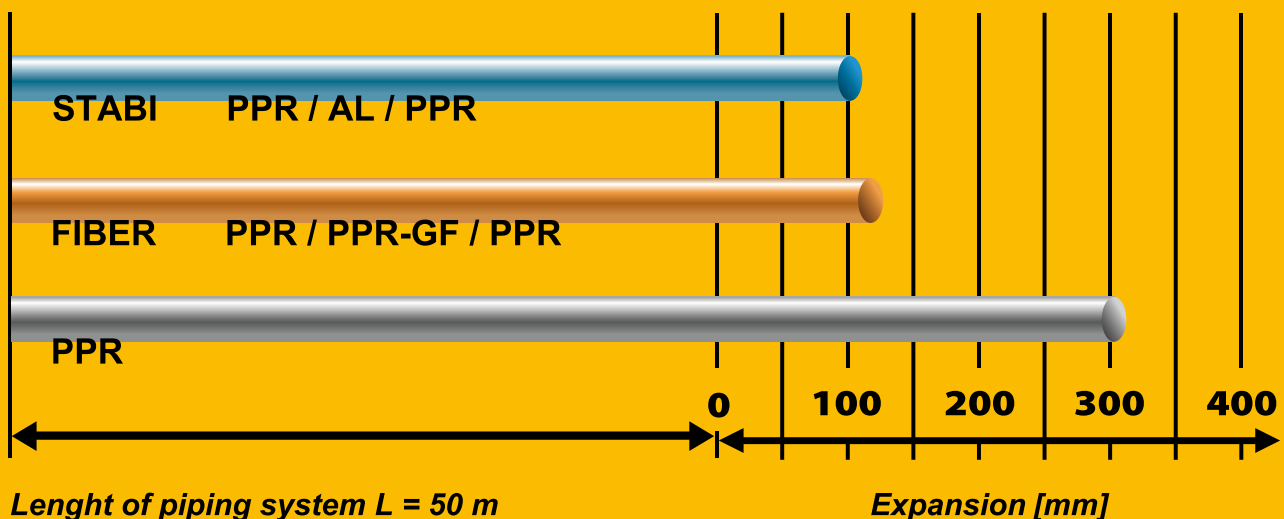

**PPR-GF**

**PPR**

# Ekoplastik FIBER

- ➔ Piping system is designed for transport of drinking, hot and cold water
- ➔ Possible to use for low-temperature heating, without oxygene barrier
- ➔ Pressure resistance PN20
- ➔ Welding without surface shaving
- ➔ Thermal expansion 3x lower than PPR pipe

*Expansion of pipes at temperature diference  $\Delta t = 50\text{ }^{\circ}\text{C}$*
