the Authorized Body No. 224 has reviewed the documents submitted by the applicant, carried out the initial type testing on a product sample and assessed the factory production control. The Authorized Body No. 224 ascertained conformity of the product properties with essential requirements of the Government Order No. 163/2002, Collection of Laws, as amended by the Government Order No. 312/2005, Collection of Laws, which are specified in the specified standard **ČSN EN ISO 15874-2** and the Construction Technical Approval No. **STO – AO 224 – 754/2015/d**.

Further, the Authorized Body No. 224 ascertained that the factory production control complies with the submitted technical documentation and ensures that the products placed on the market fulfil the requirements laid down by the above mentioned Construction Technical Approval and by the technical documentation pursuant to Section 4, Subsection 3 of the Government Order No. 163/2002, as amended. A part of the present Certificate is the Certification Report No. **793501963/2021** dated 2021-12-28 containing conclusions of the assessment, the test results obtained and basic description of the product, as necessary for its identification.

This Certificate remains valid as long as the requirements laid down in the technical documentation and/or Construction Technical Approval in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly. The Authorized Body No. 224 performs at least once per year a surveillance of the factory production control in the production site, takes samples of the product and by the way of testing it finds out, if the product properties comply with the requirements of the Construction Technical Approval according to the Section 5, Subsection 4 of the mentioned Government Order. If the Authorized Body finds any shortcomings it has the right to cancel or amend the Certificate it has issued.
